# Water Policy Plan (WPP)

## **Plan Purpose**

- Met Council is developing the 2050 Water Policy Plan, which focuses on ensuring sustainable water resources in the region. It is a part of and informed by the Regional Development Guide.
- The WPP provides a **framework for integrative water planning** (wastewater, water supply, and water resources) the Metro Area Water Supply Plan, and the Wastewater System Plan.
- It contains water **policies**, **strategies**, **and actions** for both the Met Council and our 180+ local governments within the seven-county region.
- WPP policies **will commit the Council** to take action in the areas of long-range visioning and planning, regional system investments, facility management, technical assistance, research and assessment, and partnerships.

# **Draft WPP objectives**

SUSTAINABLE WATERS: Ensure clean, abundant waters for current and future regional needs

FUNDING: Sustainably fund local and regional water protection and planning efforts.

CLIMATE: Create climate-resilient water sources, ecosystems, and water infrastructure through mitigation, innovative design, and adaptive planning.

**HEALTH: Protect public and ecosystem** health to maintain, restore, and enhance a high quality of life across the region.

**INFRASTRUCTURE:** Maximize water infrastructure investments and identify future investment opportunities that result in benefits at multiple scales.

**EQUITY:** Provide equitable water benefits and water services that are accessible and shared amongst all residents and communities.

# Policy template

#### **Topic Area**

Narrative language to set context for policy.

#### **Regional Water Policy**

The policies are intended to apply for the whole region, knowing that there are many agencies, organizations, and people connected by water.

#### **Desired Outcomes:**

Statements that describe specific changes that will result of the policy.

#### **Connected Objectives:**

#### Example Actions:

#### PARTNER

Actions that require collaboration with other organizations to enact.

#### PLAN

 Actions that plan to create, protect, maintain, enhance, and restore regional waters and water infrastructure.

#### PROVIDE

 Actions that help the Met Council deliver our water planning and treatment services to the region.

# **Breakout discussion**

- What are your first impressions?
- Are we on the right path?
- Should we modify the policies?
- Did we miss an action?
