

Metropolitan Council Public Hearing:
Burnsville Interceptor Improvements Project Draft Facility Plan

Burnsville City Hall (Council Chambers)
100 Civic Center Parkway
Burnsville, Minnesota
Thursday, November 15, 2012
6:30 p.m.

The Metropolitan Council will hold a public hearing to inform the public about and accept comments on its Draft Facility Plan for the Burnsville Interceptor Improvements Project (MCES Project No. 809058). The Draft Facility Plan for this project, prepared by the Metropolitan Council's Environmental Services Division (MCES), outlines alternatives studied and the resulting recommendations for improving the Burnsville Interceptor, the regional sanitary sewer that serves the cities of Burnsville and Savage and a portion of Lakeville.

The interceptor improvements would be scheduled for late 2013 and 2014. They would include installing linings inside approximately 5 miles of the existing sanitary sewer and rehabilitating maintenance holes as needed. The segment of the Burnsville Interceptor to be improved is approximately one-half to 1 mile south of the Minnesota River, and extends from Interstate 35W in Burnsville to approximately 1 mile east of Highway 77 (Cedar Ave.) in Eagan. The rehabilitation will serve to maintain and improve the integrity of these regional sanitary sewer facilities, reduce infiltration and inflow, and improve system reliability.

Copies of the Draft Facility Plan for the Burnsville Interceptor Improvements Project are available at:

- Burnsville City Hall, 100 Civic Center Parkway, Burnsville
- Burnhaven Library, 1101 W. County Road 42, Burnsville
- Metropolitan Council Public Information, 390 Robert St. N., St. Paul
- Metropolitan Council Website, www.metrocouncil.org/environment/ESReports

All interested persons are encouraged to attend the public hearing and provide comments. You also may submit comments, which must be received by the Metropolitan Council no later than November 26, 2012:

- Send written comments to: Tim O'Donnell at Metropolitan Council Environmental Services, 390 Robert St. N., St. Paul, MN 55101-1805
- Fax comments to: Tim O'Donnell at 651-602-1477
- Record comments on: Metropolitan Council Public Comment Line at 651-602-1500
- E-mail comments to: public.info@metc.state.mn.us

- Send TTY comments to 651-291-0904

Upon request, the Council will provide reasonable accommodations to persons with disabilities at the public hearing. Please submit such requests to Tim O'Donnell via mail or fax (see above) or by phone at 651-602-1269 before November 8, 2012.
