

Hopkins - St. Louis Park – Minneapolis Regional Sanitary Sewer Improvements

Project Information as of December 14, 2011

Project Summary and Need	<ul style="list-style-type: none"> ▪ The Metropolitan Council approved a Facility Plan in February 2010 to reconstruct the wastewater pump station in Hopkins and to rehabilitate and construct a new force main sewer interceptor from the Hopkins pump station through St. Louis Park and part of Minneapolis. ▪ These improvements are required to maintain a reliable system for conveying wastewater from each of the three communities. ▪ Construction work is expected to begin in 2012 in Minneapolis.
Project Area	<ul style="list-style-type: none"> ▪ A map of the project area is on the back of this fact sheet. ▪ The Minneapolis segment of force main sewer includes construction of a new dual force main between France Ave. S. and East Calhoun Pkwy. ▪ The force main follows a new alignment along France Ave. S. and Sunset Blvd. to Depot St. (rather than Lake St. and St. Louis Ave.). ▪ At Kenilworth Trail and W. 28th St., the force main alignment continues east along a similar alignment as the existing force main. ▪ The force main follows a new alignment along Xerxes Ave. S. (rather than the alley way), and along the south side of the Midtown Greenway through Lake of the Isles Park (rather than the north side). ▪ Along The Mall, Irving Ave. S. and W. 27th St., the remainder of the existing force main will be rehabilitated with a lining installed inside the existing sewer pipe. ▪ Sections of force main not slated for rehabilitation will be removed or abandoned in place.
Estimated Project Timeline	<ul style="list-style-type: none"> ▪ Contract A: April 2012 – December 2012 <ul style="list-style-type: none"> – April through August 2012 – Crossings of Midtown Greenway, Dean Parkway, East Calhoun Parkway, and areas adjacent to the Midtown Greenway – September through December 2012 – Lagoon Crossing ▪ Contract B: 2012 – August 2012 through 2013 <ul style="list-style-type: none"> – August through October 2012 – Sunset Boulevard – April through May 2013 – Depot St., and Siding Park – May through July 2013 – 28th St., Xerxes Ave, & W. 29th St. ▪ Contract C: 2013 – The Mall, Irving Ave. S., and W. 27th St. construction
