

Agenda
Groundwater Modeling Technical Advisory Group
Metropolitan Council – M94 Office Park
June 25, 2007
1:30 – 3:00

Purpose: Metropolitan Council's proposed approach to regional and sub-regional groundwater flow modeling for water supply planning will be presented.

Welcome and Introductions

Presentation & Open Discussion - Ray Wuolo, Barr Engineering Company

Suggested topics:

1. What should the extent of the regional model domain be? How far beyond the 7-county metro area does the model domain need to go?
2. How many sub-regional models should there be, and what should be their domains?
3. What data and information do you know about that we should consider?
4. What peer review process is needed to validate the model?

Next Meeting – Fall 2007 (TBD), M94 Office Park

Adjourn
